

Request for Proposals

Engineering Services – Range
Road 50 Realignment

Addendum No. 2

Issued: February 27, 2024

RFP No. PW-01-24

M.D. of Fairview No. 136
Box 189, 10957 – 91 Avenue,
Fairview, AB, T0H 1L0

Addendum No. 2

A. The Municipality issues the following response to a question received by a potential Proponent:

Question 1: Can you please confirm that construction engineering services also includes construction survey and materials testing?

Response: Yes.

Question 2: Would the MD be willing to accept projects within the last 5-8 years as reference projects as 2021 and 2022 construction seasons were not typical due to the proximity to the pandemic?

Response: Yes.

Question 3: Can the MD confirm that the certificate of insurance can be provided in an appendix to the proposal document?

Response: The direction in the RFP is that Proposals should (emphasis added) be organized in the format suggested. The M.D. of Fairview No.136 will accept the Certificate of Insurance as an appendix to the proposal document.
